For "E" see 4.0.0.0

FIG. 1 is a cross-sectional view of a device.

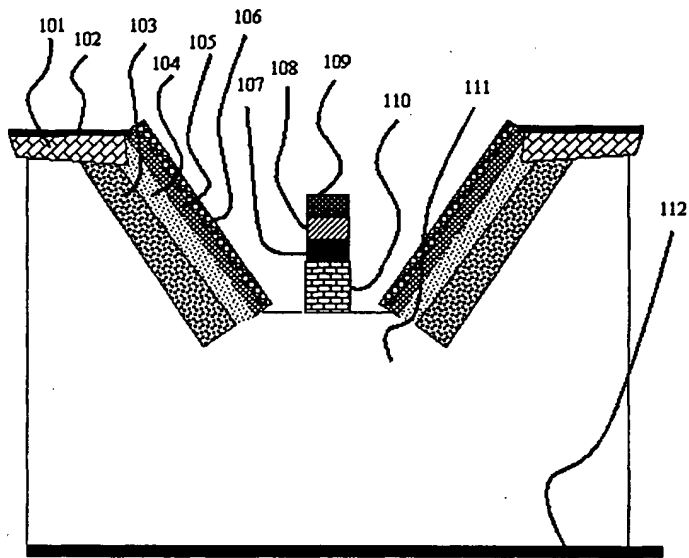

Figure 1

A perspective view of a rectangular box with a lid. The lid is shown partially open, revealing internal components. Labels include: 1 (lid), 2 (internal structure), 3 (internal structure), 4 (internal structure), 5 (internal structure), 6 (internal structure), 7 (internal structure), 8 (internal structure), 9 (internal structure), 10 (internal structure), 11 (internal structure), 12 (internal structure), 13 (internal structure), 14 (internal structure), 15 (internal structure), 16 (internal structure), 17 (internal structure), 18 (internal structure), 19 (internal structure), 20 (internal structure), 21 (internal structure), 22 (internal structure), 23 (internal structure), 24 (internal structure), 25 (internal structure), 26 (internal structure), 27 (internal structure), 28 (internal structure), 29 (internal structure), 30 (internal structure), 31 (internal structure), 32 (internal structure), 33 (internal structure), 34 (internal structure), 35 (internal structure), 36 (internal structure), 37 (internal structure), 38 (internal structure), 39 (internal structure), 40 (internal structure), 41 (internal structure), 42 (internal structure), 43 (internal structure), 44 (internal structure), 45 (internal structure), 46 (internal structure), 47 (internal structure), 48 (internal structure), 49 (internal structure), 50 (internal structure), 51 (internal structure), 52 (internal structure), 53 (internal structure), 54 (internal structure), 55 (internal structure), 56 (internal structure), 57 (internal structure), 58 (internal structure), 59 (internal structure), 60 (internal structure), 61 (internal structure), 62 (internal structure), 63 (internal structure), 64 (internal structure), 65 (internal structure), 66 (internal structure), 67 (internal structure), 68 (internal structure), 69 (internal structure), 70 (internal structure), 71 (internal structure), 72 (internal structure), 73 (internal structure), 74 (internal structure), 75 (internal structure), 76 (internal structure), 77 (internal structure), 78 (internal structure), 79 (internal structure), 80 (internal structure), 81 (internal structure), 82 (internal structure), 83 (internal structure), 84 (internal structure), 85 (internal structure), 86 (internal structure), 87 (internal structure), 88 (internal structure), 89 (internal structure), 90 (internal structure), 91 (internal structure), 92 (internal structure), 93 (internal structure), 94 (internal structure), 95 (internal structure), 96 (internal structure), 97 (internal structure), 98 (internal structure), 99 (internal structure), 100 (internal structure).
